## PHILOSOPHY

*“There are only two lasting things you can give your child...*

*One is roots, the other is wings.”*

The Lollipop Tree Nursery School offers an innovative program to stimulate your child's social, emotional and intellectual development. We strive to foster self confidence, independence and self-control while stressing respect for others. The children are encouraged to make choices which are important in learning decision-making and independence as well as responsibility for their own actions. We proudly serve the South Shore towns of Braintree, Quincy, Weymouth, Randolph and surrounding areas.

## FOOD

We are a peanut free/allergy sensitive school. Snack will be provided for all children in the morning.

Children in the full day sessions should bring their own lunch (nut and peanut butter free).

## SCHOOL ACTIVITIES

The Lollipop Tree's Summer Program keeps your child active and happy throughout the summer months.

Our program activities will include water play, sports, arts & crafts, music and more. Remember to put sunscreen on your child prior to coming to the summer program. On sunny days, please send your child in with their swim suit already on. Also send a towel and a change of clothes.

We have a well qualified staff of some of our veteran teachers along with some young college students seeking early childhood degrees.

In addition to the classrooms, we have the availability of grassy areas for picnicking and water play and bubbles, a fenced in play yard for gross motor games and sand play and a large auditorium for use in bad weather.
